Vote Durr-e- #1 for Biomed School Rep because...

Achievements:
- 7 successful motions in Student Council last year
- Successfully campaigned with KCLSU to oppose the merger between School of Medicine and School of Biomedical Sciences
- Won 2 KCLSU Excellence Awards for my efforts: Community Impact Award and a Half Laurel

If re-elected, I will:
- Continue to campaign for the issues and concerns raised by students and make sure their voices are heard!
- Aim to create a Biomed forum for students within the School of Biomedical Sciences.
  ♦ This will act as a solid platform for Student Representation within the School
  ♦ This will act as a bridge between Student Council and general course reps and other students
  ♦ This will be in addition to the SSLC system so that all the course reps within the School can come together in one place to discuss and raise issues that concern them
  ♦ Any student would be more than welcome to attend and take part in discussions, they would not have to be a course rep to attend
  ♦ This forum will be held regularly so students are continuously engaged in the decision making process
- Make myself accessible to all the students I would represent
- Continue to update the course reps and other students regularly on Student Council and KCLSU matters
- Work together with the staff and course reps to enhance the student experience

Any questions? E-mail me at dmtariq@hotmail.co.uk or feel free to approach me on campus

See the Candidate Q & A session for a chance to questions your Student Council candidates on Tuesday 8th October

And lastly, don’t forget to vote! Voting opens at 10:00 am on Wednesday 9th October. For more information go to http://www.kclsu.org/vote/ or visit a KCLSU Student Centre.

Taking care of your matters, grey and white!
