Hi!

At a time when students are increasingly out of pocket and struggling to get by, we need a strong voice to make sure we have a national union that will effectively stand up for our interests.
I’ll be that voice...

Thanks, Jack x

A Relevant Voice: campaigning for the things that actually matter to students, not wasting time on out-of-touch views

A Proactive Voice: rather than sitting on the sidelines I will actively campaign alongside other moderate students from across the UK

A Progressive Voice: I will continue to stand up for equality in the NUS, having already campaigned actively for equal marriage and with other groups

VOTE JACK AND I’LL HAVE YOUR BACK!
