Shaheen Sattar, NUS Delegation, Manifesto:

1) Campaign to block the NHS levy which affects international students: together we can make healthcare easily accessible to all #weareinternational

2) Implement an ‘Anti-Islamaphobia’ week to combat far right Islamophobic groups: raising awareness of the contemporary phenomenon will help clear common misconceptions about Islam

3) Solidarity with the victims of ethnic cleansing: by publicising real crisis’s like Sri Lanka, Burma etc, and allowing existing societies (such as Respond2Rohingya) a higher platform to voice their humanitarian concerns, we can make a difference

4) Oppose all forms of xenophobia and sexism across campuses: be it verbally or in practise, combat #everdaysexism

“Vote Shaheen Satter to raise issues that matter!”
